This year, the Mulligan money will be donated to **Breakfast for Learning Alberta**

Breakfast For Learning Alberta is a Provincial member of the National not-for-profit organization (BFL) Canadian Living Foundation), whose sole purpose is to address the issue of child nutrition and the link to learning. It provides nutrition education resources to children, parents and schools, and funds nutrition programs that are accessible to all children in the school or community, regardless of ability to pay.

Breakfast For Learning Alberta strives to create awareness and support, and assist in implementation of nutrition programs (breakfast, snack, lunch) in Alberta schools. Education is a priority in the fight against poor nutrition for children and parents. Our vision is that every child in Alberta goes to school well-nourished and ready to learn.

If you wear golf shoes, please note that only soft spikes are allowed.
